

## TD – NEWSLETTER POPUP

### Screenshot of Module Setting.

The screenshot displays the configuration interface for the 'TD – NEWSLETTER POPUP' module, organized into two main sections: the main configuration area and a 'SETTINGS' section at the bottom.

**Main Configuration Area:**

- Image:** A placeholder box labeled 'IMGAE' is shown. To its right is a 'Choose a file' button and a language dropdown set to 'en'.
- Title:** A text input field containing 'Newsletter' with a language dropdown set to 'en'.
- Text 1:** A text input field containing 'Sign up here to get the latest news, updates and special offers' with a language dropdown set to 'en'.
- Text 2:** An empty text input field with a language dropdown set to 'en'.
- \* Start Date:** A date picker set to '2018-12-06 11:06:14'.
- \* End Date:** A date picker set to '2019-01-05 11:06:14'.
- A 'Save' button is located at the bottom right of this section.

**SETTINGS Section:**

- \* Background:** A color picker set to '#333333'.
- \* Opacity:** A slider set to '0.75'.
- \* Animation Speed:** A slider set to '500' milliseconds.
- \* Time Display:** A slider set to '1000' seconds.
- \* Width:** A slider set to '600' pixel.
- \* Height:** A slider set to '400' pixel.
- Animation:** A dropdown menu set to 'Fade'.
- A 'Save' button is located at the bottom right of this section.

Here you can set Newsletter popup texts and timeline about popup visibility.

Here you can also set background color for overlay and other popup settings.
